RUBBER AIR BRAKE HOSE ASSEMBLIES

HIGH QUALITY & MADE TO ORDER IN THE USA

USED BY MOST MAJOR TRAILER MANUFACTURERS!

There's a reason Tramec Sloan is trusted by the OEMs. All of our air brake hose assemblies are made in the United States, subject to periodic quality checks to ensure our high standards, and meet the following criteria:

- Minimum Burst Pressure of 900 PSI
- Maximum Operating Pressure of 225 PSI
- Conforms to SAE J1402 and DOT-106 Specifications
- Operating Temperature of -40°F to +212°F
- Resistant to Gasoline, Diesel Fuel, Oil, and Other Commonly Used Road and Cleaning Chemicals

★★★★★

PERMANENT LIVE SWIVEL HOSE ASSEMBLIES

3/8" and 1/2" hose | 1/4"-18 and 3/8"-18 NPTF fittings

- Features permanent live swivel fittings which retain their ability to swivel after installation
- The all-brass fittings offer excellent resistance to corrosion

★★★★☆

MAXXDUTY™ HOSE ASSEMBLIES

3/8" and 1/2" hose | 1/4"-18, 3/8"-18, and 1/2"-14 NPTF fittings

- Features a blue plating that is specifically engineered to fight corrosion! It was originally developed for naval applications where parts are constantly exposed to salt spray
- MAXXDuty hoses retain swiveling ability even after long-term exposure to corrosive chemicals and also retains a rust-free finish longer than industry standard hose assemblies

★★★☆☆

ADAPTER STYLE HOSE ASSEMBLIES

3/8" and 1/2" hose | 1/4"-18, 3/8"-18, and 1/2"-14 NPTF fittings

- Traditional adapter-swivel is comprised of a brass adapter and a steel nut, which creates a metal-to-metal seal when installed
- Adapters can be changed to offer various thread sizes, making it an ideal aftermarket hose because of this versatility
- Zinc-nickel plating on the nut provides increased corrosion resistance

RUBBER AIR BRAKE HOSE ASSEMBLIES

CUSTOM HOSES TO SUIT YOUR NEEDS

Tramec Sloan provides numerous styles and options to customize hose assemblies for your exact needs.

Chose from options such as presealed pipe threads, custom lengths, red & blue hose, arctic hose for low-temperature applications, spring guards, and more.

COMPOSITE LIVE SWIVEL HOSE ASSEMBLIES

- Heavy-duty composite shells with live swivel fittings
- A Tramec Sloan original design based on the iconic 31402 Quick-Fix®
- Available with a brass barb for gladhand use

"5-SERIES" HOSE ASSEMBLIES

- This innovative, lightweight adapter features the benefits of a light steel collar and the cost advantages of reduced material content
- Seals with an internal o-ring

45° FEMALE FLARE HOSE ASSEMBLIES

- Increasingly common on newer model trucks & heavy duty equipment
- Various adapter ends, standard 45° flare connectors

SLIDER (BULKHEAD) HOSE ASSEMBLIES

- Bulkhead fittings enable quick connection to air brake tubing
- Reduces the number of fittings needed
- Length is measured from hex to hex

SERVICEABLE SLIDER HOSE ASSEMBLIES

- Bulkhead fittings enable quick connection to air brake tubing
- Allows hose replacement without disturbing the tubing connection

CRIMPED-ON BULKHEAD HOSE ASSEMBLIES

- Innovative crimp-on bulkhead combines our best-selling anchor fitting (S611) with our high-quality air brake hose assemblies.
- Allows connection directly to frame/plate
- Female 1/4" thread allows for numerous plumbing options so that connections can be made to straight, 90° or 45° fittings.

TRANSMISSION AIR SHIFT HOSE ASSEMBLIES

- All-brass fittings offer excellent resistance to corrosion
