451059	ZINC-DICHROMATE	45"	NONE
451060	ZINC-DICHROMATE	45"	451009 CLAMP

## POGO PERFORMANCE COMPARISON

When tested, the Tramec Sloan Fat Can Pogo Stick has out-performed the competition. It has a better ability to handle increasing force when compared against the degrees from vertical. The new spring design provides more resistance along with the necessary flexibility needed to function properly.
