

MAXXGRIP® GLADHANDS

THE INNOVATIVE GLADHAND FOR SAFER & MORE COMPLETE CONNECTIONS

The unique design of the MAXXGrip® combines a gladhand and grip into **one piece**. This built-in, ergonomic handle **provides leverage** for easier coupling and **reduces the chance of kinking** airlines. It also eliminates the potential of an air leak between gladhand and grip.

- Single-piece, solid-body design combines a gladhand and grip
- Anodized finish provides superior salt spray resistance for harsh winter conditions
- Lightweight, durable aluminum body with a stainless steel wear plate
- Color-coded clamp for simple line identification
- Full-face black rubber seal
- Integrated hex at the base makes installation easy

Anodized MAXXGrip® Gladhands Stand Up to Harsh Winter Weather and Damaging Road Salt

MAXXGRIP® RETAIL DISPLAY

- Display racks hold 10 retail packs and features a tethered MAXXGrip for customers to try out
- Display options: rack can be hung on a wall or set on a shelf or counter
- Rack measures 22"L x 13"W x 17"H with header card
