GOTREADS®

THE ESSENTIAL TRACTION RECOVERY TOOL FOR MAINTAINING FLEET UPTIME IN ANY CONDITIONS

MINIMIZE DOWNTIME

GoTreads minimize the likelihood of vehicles staying stuck. They enable swift recovery which reduces driver downtime and extra fuel consumption.

REDUCE RISK

By providing quick and effective traction recovery, GoTreads can reduce the risk of drivers becoming stranded in hazardous or remote locations.

AVOID TOWING

With additional traction and the ability to self-recover, GoTreads can reduce the amount of wear and tear on vehicles, diminishing the need for maintenance or towing costs.

PROACTIVE PROTECTION

With GoTreads on hand, drivers can take a proactive approach to preventing getting stuck, reducing the likelihood of delays and helping to ensure that the route stays on schedule.

COMPACT & FOLDABLE

Within just a few seconds, they can be fully positioned and ready for use, without the need for any tools or assembly. This makes them incredibly user-friendly and efficient for those who need a hassle-free solution.

LIMITED LIFETIME WARRANTY

GoTreads have a limited lifetime warranty that covers manufacturing defects and breakage that occurs under normal operating conditions. Warranty covers replacement parts only.

DESIGNED IN 1975 AROUND ONE WORD–SIMPLE.

It stores in small places and is easy to use. The tire traction mat is put into position in a matter of seconds–no tools, no assembly, no attaching to the tire required.

STEP 1: Put the vehicle in park and set the emergency brake before using GoTreads.

STEP 2: With the smooth surface down, unfold the GoTreads and center the short section as close to the stuck tire as possible.

STEP 3: Release brake. As you begin moving forward, SLOWLY accelerate. Drive out and to a safe place before stopping to retrieve your GoTreads.
